Sugar	Zero
Acid	6.83 g/L
pH	3.2
Bottling	February 2025
Alcohol	11 %

***Organically farmed***  
*Always (and only) minimal Sulfites added.*

**Tasting Notes.** Bright, zesty, and unapologetically alive, our *Jurassique* Grenache Blanc crackles with electric tension and vivid fruit. Cold-fermented naturally in stainless steel with no malolactic fermentation, this wine is a pure shot of acidity-driven energy.

The nose opens with early-picked mandarin and lemon blossom, followed—just faintly—by a whisper of blueberry hiding in the background. On the palate, think key lime pie, county fair sherbet, and a clean jolt of citrus zest. The structure is sharp and architectural, balancing vertical lift with horizontal breadth, giving the wine remarkable length and dimension.

A wine made for food, for sunshine, and for those who like their whites with a little wildness still running through them.
